Simple Operation Guide for the General Classroom Large Screen

- 1. Connect HDMI:
 - (1).First, connect the HDMI cable. The screen will prompt; please press 'Accept.
 - (2). If you need to use the screen as the display for the connected device (laptop: NB), please also connect the USB cable located below the HDMI to the device.
 - (3). All operations will then sync the large screen with the connected device's display.

- 2. Using a smartphone, tablet, and laptop (device) as the operating platforms:
 - (1). Download and install ACER CAST on the device (one-time action, website: acercast.app).
 - (2). Turn on the screen power. Open the screen display ACER CAST, and
